GLYNLLISON GARDENS

HAYDEN ROWE

MASS.

ANNOUNCEMENT

We are now located at our nurseries at Hayden Rowe in the town of Hopkinton, Mass. The tremendous growth of our business requiring much larger quarters than we had at Newton Highlands.

We are equipped to furnish our patrons with the best in Bulbs and Plants grown by ourselves.

Terms. Cash with order. Send money by any means convenient to you. Stamps accepted for amounts under one dollar.

One Dozen of any one variety **Ten Times** the single price, unless otherwise stated. That is: 12 priced 5 cents for 50 cents; 12 priced 10 cents for \$1.00; 12 priced 15 cents for \$1.50, and so on.

Guarantee. We will replace any stock not true to name. We will also replace any dahlia bulbs which fail to sprout, provided they are dug up and returned to us. They should sprout within two or three weeks. Otherwise we give no guarantee as to crop and cannot be responsible for results other than to replace defective stock. But as our future business depends on fair treatment of our customers, you can depend that we will give you the best possible value for the money.

Dahlia Guarantee. While we use every precaution to send out only tubers with good growing eyes, they will not always grow. However we will gladly replace every tuber that does not grow. Some tubers are small, but the size of tuber makes no difference with the size of plant. We plant the sprouts which are accidentally broken off, and they grow just as well without any tuber.

We do not knowingly send out a poor tuber, and are anxious to make good any that do not grow, if you will just write us.

Any labeled dahlia not proving true to name will be replaced with **Two** tubers the following Spring. We are human and mistakes will occur, but we want you to feel certain that we wish to make good.

DAHLIAS

With this most popular flower, Glynllison's Gardens were brilliant with many of the finest new introductions. Amun Ra was the largest and was simply gorgeous. Insulinda, we considered one of the most beautiful with its golden sheen actually glistening in the sun. Mrs. Carl Salbach, with its immense and perfect brilliant pink flowers on stiff stems actually two feet and more in length, Shudows Lavender, Mariposa, and Princess Pat, so beautiful that one could hardly choose between them, closely followed by Millionaire, Dr. Tevis and a host of others.

We will send sound tubers of the better varieties as long as our supply holds out, then we will send fine, large, growing plants.

Amun Ra or The Sun God. (Giant Decorative.) One of the most sensational of the new dahlias. Wonderfully distinct both in color and formation. A giant in size and perfect in shape. The outer petals of gorgeous orange and copper tones, shading to golden amber, deepening in the center. The effect as a whole being of a glorious sunset. Very stout stems and vigorous plants. It was the pride of Glynllison. Tubers, each, \$5.00.

Shudows Lavender. (Decorative.) A beautiful silvery lavender shading to white. Always full, with long very stiff stems. Blooms from early in the season until killed by frost. A great prize winner. Each, \$5.00

Mariposa. (Hybrid Cactus.) A perfect flower, of long narrow incurved petals, which curl and twist to baffle an artist. A delightful shade of true pink shaded deeper and with a faint violet suffusion. A gigantic flower with depth as well as diameter, on very long stout stems. Vigorous grower and very free bloomer to the end of the season. Each, \$5.00.

Insulinda. (Decorative.) One of Glynllison's favorites. Is described as a beautiful golden ochre with a salmon red suffusion deepening towards the center, but no description can do justice to this gorgeous flower. The petals seem as though dusted with pure gold, glistening in the sun or under artificial light. Brings highest price in cut flower markets. Stems are long and stiff and the plant is a thrifty grower and prolific bloomer. Do not fail to include this. Each, \$2.00.

Mrs. Carl Salbach. One of the most perfect decoratives in existence. A beautiful shade of lavender pink. Immense blooms and held far above the foliage on very long stiff stems. Awarded many prizes as the best exhibition decoratives. Long keeping cut flower. Each, \$1.50.

Princess Pat. (Giant Decorative.) Flowers immense and splendid form, always with full center, a most pleasing shade of old rose, showing up wonderfully under artificial light. Free flowering on splendid stems. Very popular and in great demand. Each, \$2.00.

Patrick O'Mara. (Decorative.) Awarded many first prizes as the best dahlia of Autumn coloring, soft orange buff tinged with old rose. Cut flowers last several days. Each, \$1.50.

U. S. A. (Hybrid Cactus.) With us one of the most free blooming. All the desirable features of the dahlia are found in this color, formation, and size. Wonderful deep orange, a color hard to find in a dahlia. The formation too is exquisite and novel. Each, \$2.50.

Dr. Tevis. (Decorative.) The dahlia with a beautiful blending of copper, old rose, and old gold. Immense flower with the best possible stem. A California variety which is becoming very popular. A great prize winner. Each, \$1.00.

The Millionaire. (Decorative.) One of the largest, dainty lavender pink. Flower immense, very deep and heavy. No collection is complete without the Millionaire. Each, \$1.00.

Polar Bear. (Decorative.) The largest and finest pure white dahlia. A great bloomer and flowers on long stiff stems. Lasts a long time on the plant or in water. Each, \$1.50.

OTHER GOOD DAHLIAS DECORATIVE

Bountiful. Graceful flower of solferino pink with white shadings. Each, 50 cents.

Canary. Very double yellow. Early, free and continuous bloomer. Each, 35 cents.

Crimson Giant. Deep crimson flowers of immense size. One of the best. Each, 50 cents.

David Harum. Bright orange scarlet. Very large flowers full to the center. Each, 50 cents.
Delice. Beautiful soft pink on long stiff stems. Fine cut flower. Each, 50 cents.
Ethel Wolfrum. Dainty, pleasing color combination. Centre white, outer petals delicate mauve rose. A gem for cutting. Each, 75 cents.
Gen. Foch. Very large dazzling scarlet flowers. Hardy and prolific. Each, 35 cents.
Queen Mary. Splendid long stemmed flower of perfect form. Apple blossom pink. Each, 75 cents.

CACTUS DAHLIAS

Crystal. A great exhibition flower, large and of splendid form. Color a clear sulphur yellow shading to nearly white at tips. Overspread with a beautiful satiny sheen. Each, 75 cents.
Evangeline. One of the best pure white Cactus dahlias. Each, 35 cents.
Countess of Lonsdale. Delicate apricot shading to carmine pink at edges of petals. Early and one of the finest cut flowers. Each, 50 cents.
Fernand Olivet. Brilliant maroon with scarlet shadings, center almost black. Each, 35 cents.
F. W. Fellows. Brilliant coral red, deeper at center. One of the best cactus dahlias ever grown. No collection complete without it. Each, 50 cents.
George Walters. One of the most popular California cactus dahlias. Color a pleasing salmon with shrimp pink shadings. Each, \$1.00.
Holsatia. Orange scarlet. A beautiful dahlia with long twisted petals. Each, 35 cents.
Goldland. Splendid primrose yellow, of perfect form and very free flowering. Each, 35 cents.
Goliath. Large, yellow suffused and shaded reddish salmon, Autumn tints. Each, 50 cents.
Kalif. Immense flower frequently over 9 inches diameter. Perfect cactus, pure scarlet color. Long stems, free flowering, and perfect for cutting or garden decoration. Each, 75 cents.
Marjorie Castleton. A pleasing shade of rose pink with center and tips creamy white. Each, 50 cents.
Pierrot. Unique and striking flower of unusual grace. Long narrow tubular petals of deep amber color usually tipped white. A wonderful exhibition flower and splendid garden variety. Each, 50 cents.

PEONY FLOWERED DAHLIAS

Avalanche. Very large pure snow white, a most beautiful Peony dahlia. Each, 75 cents.
Fritzmann. Brilliant geranium red, sometimes marked with white. Each, 35 cents.
Mme. Vard. Deep Oriental red with golden disc and markings. A gorgeous flower. Each, 35 cents.
Parasol. Pretty primrose yellow, sometimes tipped white. Each, 50 cents.
Mrs. G. Gordon. Splendid very large lemon yellow. A perfect peony. Each, 35 cents.
Queen Elizabeth. Large, pleasing soft pink with silvery suffusion. Each, 50 cents.
Wilmore's Masterpiece. Honey yellow overlaid and suffused golden rose. Each, 75 cents.

BALL OR SHOW DAHLIAS

American Beauty. A rich glowing crimson red. Perfect ball type. Each, 35 cents.
Clara Seaton. Rich golden bronze with beautifully quilled petals. Each, 75 cents.
Cuban Giant. Great ball shaped flowers of bright maroon. Each, 35 cents.
Dreer's White. The finest white ball type dahlia ever grown. Very large. Each, 35 cents.
Dreer's Yellow. Same type as Dreer's white, but of finest primrose yellow. Each, 75 cents.
Maud Adams. The most popular cut flower of all dahlias. White delicately shaded lavender. Large perfect form. Each, 35 cents.
Princess Victoria. Primrose yellow, perfect form and always in bloom. One of our favorites. Beautiful cut flower. Each, 35 cents.

POMPON DAHLIAS

We have not enough to list, but have many varieties of this popular little flower and will send a collection of ten all different for \$2.00.

Pompon Dahlia Seeds. If you are fond of these beautiful flowers try a packet of my seeds saved from the best varieties of pompons. They will give you many colors and types. Packet, 50 cents.

DAHLIA LOVERS

Grow Dahlias from Seeds. There is no more fascinating game for the flower lover. Dahlias do not come true from seeds. Sow a hundred seeds and you will get a hundred different varieties and colors. The finer the varieties from which seeds are saved the better the results. I have searched the world for the finest seeds, and have a splendid list.

My Own Finest. Seeds saved from the dahlias listed on the first page of this catalogue. The finest that grow.

Per packet, 35 seeds, \$1.00.

California Dahlia Seeds. These give the best results of any seed that I am able to obtain. More seeds germinate and there is a much larger proportion of doubles. Packet 35 seeds. \$1.00.

Japanese Dahlia Seeds. These seeds were grown in Japan, and saved from the best double varieties. We believe they will give wonderful and novel results. Per pkt. about 35 seeds. 50 cents.

English Dahlia Seeds. These seeds grown from the best double English varieties and the reputation of the grower is an assurance of their quality. Per packet of about 35 seeds. 50 cents.

Double Pompon Dahlia. See above.

Double Peter Pan Dahlia. A beautiful little dahlia growing 12 inches high with brilliant colored flowers. Per packet. 50 cents.

Single Colossal Dahlias. Flowers of enormous size, 9 inches or more across. Broad petals, rich colorings. Per packet. 50 cents.

Dahlia Coltness Hybrids. A new type of dahlia dwarf habit about 18 inches high, blooms in many colors and novel combinations. These are one of the most decorative for garden of cut flower purposes. A choice novelty. Packet, 50 cents.

DAHLIA COLLECTIONS

Last year many of my finest dahlias as listed herein, and many not listed, became mixed up in digging and handling. These dahlias I planted with other high priced varieties without labels and grew them on, to give my customers the benefit of splendid flowers at a low price. These are not labeled, and are put up in lots of seven tubers, containing varieties which if labeled would be worth from \$2.00 to \$15.00 each. These we sell as **Our Exhibition Mixture**. Seven tubers for,

\$1.00.

Three sets of 21 tubers for.....\$2.50.

Seven sets of 42 tubers for.....\$5.00.

SEPARATE COLOR MIXTURES

In response to a demand for assortments of different colors in Dahlias, we have divided our mixed dahlias into color groups, to offer at a much lower price than we could make for labeled tubers. We cannot break sets.

Yellow Dahlias. These include all yellow and Autumn tints from pale primrose yellow to deep orange, in Decorative, Cactus, Show and Peony type. Seven tubers postpaid. \$1.00.

White Dahlias. These include all types of whites, some just tinted with pinks, etc. Very dainty and choice. Six tubers for \$1.00.

Pink Dahlias. All types and all tints of pink, rose, lavender, etc. Some shading into white. This is a beautiful set. Six tubers, \$1.00.

Red Shade. Dahlias in all the reds from the great, almost black Cactus, to the bright salmon red Decorative, and the deep maroon and purple show and peony type. Seven tubers for.....\$1.00.

Two sets of above color mixtures.....\$1.90.

Three sets for.....\$2.70.

Four sets for.....\$3.50.

GLADIOLI

We have a large acreage devoted to the growing of this most popular flower, and make a specialty of collections and mixtures. For those who want good flowers, but do not care to keep the many varieties separately labeled, this is much the most economical way to buy.

Our mixtures are made up of the fine named varieties such as we sell separately, but are not labeled. The collections are made up and packed in advance and are all separately labeled. All are carefully packed and delivered prepaid.

BURBANK, DIENER, GLORY MIXTURE

The One You Want. For originality, beauty, variety and size of flower, this collection from the Wizards of the Horticultural world, is unsurpassed. These are separately grown by us and the mixture is made up from the three, so that every lot sent out contains bulbs from each of the three famous hybridizers. The Diener flowers run mostly in the lighter shades, and very large flowers. The Burbank flowers run darker with beautifully marked reds predominating. The Glory mixture contains many of the wonderful ruffled beauties so loved and admired by all. No mixture offered at any price can surpass this. All first size bulbs.

GLYNLLISONS SELECT MIXTURE

This mixture made up from separately grown varieties contains the finest and largest flowered glads, Le Marchall Foch, Mrs. Dr. Norton, Lilywhite, Mary Fennell, Louise, Helen Franklin, C. M. Kelway, and some two hundred others. For those who want fine flowers, but do not care for labels, we offer this mixture at one third the value of labelled bulbs.

18 large flowering bulbs.....	\$1.00
50 for	\$2.50
100 for	\$4.00

BLUE STAR MIXTURE

For beauty and brilliance of coloring, this mixture is unsurpassed. The blues, lavenders and lilacs predominate. In the mixture is included Blue Jay, Peacock, Baron Hulot, Mary Fennell, and others of the blue shades. The balance is made up from Blue Hybrids seedlings, obtained by planting seeds of the best blue varieties, and the variation of color is beyond imagination. For garden effect these colors make a splendid setting for the lighter varieties, and as cut flowers they are wonderful.

25 large bulbs for	\$2.00
100 large bulbs for	\$7.00

SPECIAL 30 MIXTURE

Last season we purchased as planting stock many thousands of high grade named glads in many varieties, but after flowering, we found them so badly mixed that we cannot sell them as true to name varieties, so we have placed them in this bargain mixture. This is one of the best bargains we ever expect to offer. Take advantage of it to get a good collection of the most popular varieties on the market.

30 flowering size bulbs	\$1.00

GLYNLLISON 60 MIXTURE

This collection is, to the best of our belief, the equal of any mixture sold anywhere at fifty cents per dozen or less. It contains all types and colors of both named varieties and seedlings, selected for quality and colorings.

All are sound clean blooming size bulbs, and will throw from one to three flower stalks this season, from each bulb.

60 bulbs prepaid	\$1.00

PRIMULINUS HYBRIDS MIXTURE

We have a splendid mixture of these exquisite "Glads." As lifelike as butterflies, as graceful as Orchids. Primulinus hybrids are mainly distinguished by their shades of yellow, saffron, orange and reds, graceful slender stems and airily poised hooded flowers. No collection is complete without them. Much used by florists for cut flowers. Very prolific, hardy and early. We have reduced our price one third this year.

SOMETHING NEW GIANT HYBRIDS GLADIOLI

We have here something we believe no other grower offers. We have developed by breeding and selection, a mixture of giant bulbs, immense flowers, and magnificent stems, growing from four to six feet in height. The giant bulbs will throw from three to seven flower stalks in a season. The large flowered ones have flowers up to six inches across, and the tall ones have from 20 to 40 flowers on main stem and side branches, if planted early and well grown. The color assortment is wonderful. Everybody wants these when they see them. Price per dozen postpaid, \$2.50. We will not sell less than one dozen, nor more than four dozen to a customer.

Common Caster Bean. We have a fine strain of these seeds at a low price. Per packet, 5 cents.

GROW NEW VARIETIES FROM SEEDS

This is one of the most fascinating of garden games. Most of our popular flowers, Dahlias, Gladioli, Iris, and many of the hardy perennials, are grown very easily from seed and as they do not come true new varieties will be obtained. With most plants you will have no two alike.

Think of planting a packet of dahlia seeds for instance and growing 25 or more plants all different, and of a wonderful variety of coloring and types.

The better the parent plant from which the seeds are saved, the better will be your chance of obtaining fine varieties. The seeds I sell are all saved from the finest varieties.

Dahlia Seeds. My Dahlia seeds are saved from the finest double varieties, not all, however, will come double, but the best grade seeds will produce the largest proportion of big double flowers. Dahlias will bloom in about four months from the seed. Save the tubers same as you do your other bulbs, and flowers will come better the second year. Seed saved from such varieties as Amun Ra, Mephistopheles, Mariposa, Wizard of Oz, etc.

301. Per packet, 30 seeds.....\$1.00.

302. Per 100 seeds.....\$3.00.

See page 4 for other Dahlia seeds.

Gladiolus Seeds. These also will bloom the first year and give you new varieties. Sow seeds in flats or boxes, for some will germinate quickly and others not for some time. Treat the bulbs same as any gladiolus bulbs. My own seeds saved from finest varieties.

304. Per packet, 100 seeds.....25 cents.

305. Per 300 seeds.....50 cents.

Iris Germanica. My own hybridized seeds, should give you many beautiful colors and varieties.

306. Per large packet.....25 cents.

Japanese Iris. Do not fail to plant some seeds of this beautiful flower. I offer a fine mixture of hybrid seeds direct from Japan.

307. Per large packet25 cents.

308. Per 200 seeds.....50 cents.

Aquilegia or Columbine. One of the hardiest and finest gems of the garden. I offer a splendid collection of long spurred hybrids, double and all forms and colors.

309. Large packet. About 200 seeds.....25 cents.

Delphinium, Glynllison's Gold Medal Hybrids. This is a wonderful improvement over the old fashioned Larkspur, and few plants are so beautiful in the perennial garden. Finest mixed colors.

FOR THOSE WHO LIVE WHERE HEDGES GROW

Gardeners will be delighted with a great new help to keep the hedges trim and neat. The idea of the mowing machine applied to hedge shears gave us the

SIMPLICITY HEDGE PRUNER AND TRIMMER

With it you can trim as much hedge in one hour as would require four hours with the ordinary hedge shears. It cuts both opening and closing—every stroke counts! Perfectly balanced for easy operation, this three pound tool brings into action 31 fluted, keen-edged teeth that clip a clean path, 16 inches wide, through any hedge. Price, \$7.50.

The **Simplicity Hedge Trimmer** is intended for use on new growth only. Greatest tool for trimming Privet, Barberry, and other fine-twiggged hedge plants. Cutting width, 12 inches, with finest high grade carbon steel blades. Price, \$5.00.

GLYNLLISON'S GARDEN GIANTS

What gardener does not like to grow the biggest things in his neighborhood? We do, and in our search for the best for our customers, we have gathered a few things which we can recommend for high quality as well as great size.

THE DIENER TOMATO

We believe this is the World's best and biggest tomato. We have grown it ourselves, and have testimonials from customers who say it is the best and largest tomato they ever grew.

These tomatoes grow from one pound to three pounds in weight, and we have seen reports of three weighing fifteen pounds. They are fine flavored, solid and meaty, in spite of their great size. Set plants 6 to 8 feet apart, the will cover the ground, but tomatoes will not rot if they lay on the ground.

No. 1001. Per packet25 cents.

JUMBO CUCUMBER

From the introducer direct, who says fruits are 2 feet and more long and never more than 3 inches diameter, except when fully ripe.

Vines are very vigorous and large and tremendously productive. The flesh is very tender and brittle and the few seeds are very small.

Here is an outdoor grown cucumber superior to any forced greenhouse variety. Try this. Seeds still very scarce.

No. 1002. Price per packet25 cents.

SWEET CORN

September Morn. An extremely large very sweet variety. Ears 12 to 14 inches long, and very large, with 16 rows of very deep kernels. It is really immense in size and combines great size with the highest quality. September Morn matures about the last of August, and is a very heavy yielder of perfect ears. Order early as we were able to secure only a small amount of seed.

1003. Per packet (about one ounce)25 cents.

GIANT GARDEN PEA

Chieftain. Leads all other peas, early or late, dwarf or tall, in size of pod and productiveness. The vines are truly burdened with big green pods, and every pod well filled with large, sweet tender peas. We predict this will be the most profitable pea to grow for market as well as home. Ripens a few days before Telephone. Vines grow about 2 1-2 feet tall and need no staking. The pods grow five to seven inches long and contain ten or more large peas each. Chieftain can well be called the Jumbo of the pea family, and we recommend it for those who wish to grow the largest peas for exhibition as well as eating.

1004. Per packet (about 1 ounce)25 cents.

FRENCH ASPARAGUS BEAN

This is a pole bean which grows to a length of three feet or more, long and slender, and which is stringless, and when properly cooked is to our mind fully equal to asparagus. Try some of these. They are delicious.

1005 Per packet10 cents.

FLORENCE FENNEL

A Vegetable Candy. This will some day become very popular. Sweet and delicately perfumed with an odor all its own, it is delicious, eaten raw or cooked.

Easy to grow, sow in rows and thin plants to eight inches. When the fleshy part is the size of an egg hill earth around them to blanch and make more tender. Eat raw like celery or serve boiled with cream sauce.

1006. Per packet10 cents.

GIGANTIC GUINEA BEAN

Also called Tasmania bean. Single pods weigh as much as 18 pounds and grow to a length of four feet or more. This vegetable has been much advertised lately as a bean, although it really belongs to the vegetable marrow family. Sliced and fried like egg plant it is really delicious.

It certainly is a remarkable curiosity and we recommend our customers to try a package.

1007. Per packet (10 seeds)25 cents.

GIANT ONION

Ailsa Craig. This is probably the largest of all onions. White fine grained flesh or heavy yielding and long keeping qualities. For largest size sow seed in hot bed and transplant to the open ground. The great exhibition onion.

1008. Per packet20 cents.

WASHINGTON ASPARAGUS

This is the asparagus developed after years of breeding and selection by the U. S. Dept., of Agriculture. It is probably the largest and finest asparagus ever grown. Get some of this started as soon as possible. We offer seeds only.

1009. Per packet10 cents.

OTHER GARDEN SEEDS

We offer a small selection of vegetables which we have chosen for our garden, as the best that grows, and which we can confidently offer our customers as of the very highest quality. Most seed catalogues have a much longer list., but none can offer better. We do not believe you want us to spend your money for fancy packets nor expensive catalogues. Your money buys **Seeds** from us.

BOLENS POWER HOE AND LAWN MOWER TRACTOR.

A light garden tractor so skillfully designed that it is a motorized wheel hoe. It seeds, it weeds, it cultivates. it mows the lawn. It has a power pulley for operating light machinery.

The **BOLENS** has a patented arched axle for clearance and a tool control for accurate guidance in close weeding and cultivating. A differential drive makes turning easy. Gauge wheels regulate the depth and keep it uniform without attention from the operator. The handles are offset, enabling the operator to walk between the rows.

All attachments have snap hitches and are instantly interchangeable. You can go from cultivating to lawn mowing in less than two minutes without the use of a wrench.

We use the **BOLENS** for cultivating in Glynllison Gardens and have found it to be a very efficient implement.

The **BOLENS** uses the standard wheel hoe tools. Prices are as follows. f. o. b. Port Washington, Wis.
